

EARLIEST RECORDS OF THE BURIALS IN PHILA.
FROM THE BOARD OF HEALTH.

FRANCIS OLCOTT ALLEN.

J. V. P. Turner, Esq., Registrar of the Board of Health, who is an antiquarian of no small experience, considers these Records (running from 1803 to July, 1860, when the present system was put in operation) of such prime value, that he hopes in time to secure an appropriation from Councils for a clerical force to copy and index them—a fund of \$5,000 would accomplish this most desirable end.

Charles R. Hildeburn, Esq., made some effort in the same direction, considering them one of the most valuable quarries of genealogical information in Penna.

Last summer the citizens of Vermont awoke to the fact that Gen. Ira Allen (younger bro. of Ethan, the two brothers being the principal Founders of their State) was buried in Phila. in 1814. They ardently desired to find the place of sepulture, exhume the remains, transport them to Vermont, and erect a suitable memorial. Weeks and months were spent in fruitless search, in graveyards, and Church Records—when a suggestion was made that possibly the Board of Health might give a clue. It appears that on or about May, 1806, printed blanks were furnished to all Grave Yard custodians for weekly returns to the Board. After a long search among them, the Return of the "Free Quaker" Burial ground for the week including January 15th, 1814, was found, and with it, the following certificate: "Gen. Ira Allen, aged 66 years, died on January 15th, 1814, of retrocedent gout. George F. Alberti."

Alberti was a well-known physician of the day, living at 116 N. Fourth. Stimulated by this success, the writer

determined to give our readers the first year's Record, in the hope that following years may yet appear. A great deal of genealogical information (too voluminous to print here) can be found in the Certificates themselves—only names, ages, dates and Burial grounds are given, for obvious reasons. The Record begins with 1803, as follows, for the copying and use of which the Society is greatly indebted to Col. J. Lewis Good, Sec'y of the Board of Health.

Nameless children are omitted.

As appears from Registrar Turner's Article, the first official publication by the Board of Health of interments was made in 1806. The Board, however, has among its archives the following Orders for Interments from the authorities of the Alms House (situated at 5th and Walnut Sts.) for graves to be prepared in Public Ground (now Washington Sq.),
